To Whom It May Concern:

I object to the settlement in the NBC UNIVERSAL unpaid internship case. This settlement is unfair for the amount of time and work I invested in TELEMUNDO NY 47. I interned from 9/12 through 12/12. I worked with the assignment night editor selecting stories for the 11PM crew. I worked closely with the content integration editor to upload packages to social media and the station's website Telemundo47.com. I also sent packages to station affiliates in the Dominican Republic, Ecuador, and Colombia. I never received the stipend that was agreed upon when I signed the paperwork. With that being said all expenses that were put traveling to Fort Lee, New Jersey were my own expenses.

I was not granted access to my NBCUNIVERAL log in until a month after I started my internship. During this time I had to work on the assignment editor's computer. Once I gained access to my log in, it was already too late for me to submit my past stipends. Concerned with this issue, I communicated with Casey Conroy from 30 Rock to address the issue in regards to my stipends. She handed me a form that required that the manager sign an agreement of a settlement for \$500. I sent all the information needed. Weeks later I called the office to speak with Conroy, but she wasn't working at NBC any more. The representative who was there was Kate Lawrence who told me that I needed to send her again the receipt for \$500, but by that time I was completely out of the system and out of my NBCUI account.

I believe that interning should be a rewarding and a wonderful experience, especially when you go in with hopes and dreams of being in the career you want to pursue. The hassle I went through to try to receive the stipend was unfair especially since I didn't receive anything in the end.

Thank you,

Dafny Sanchez
